CASTELLAN

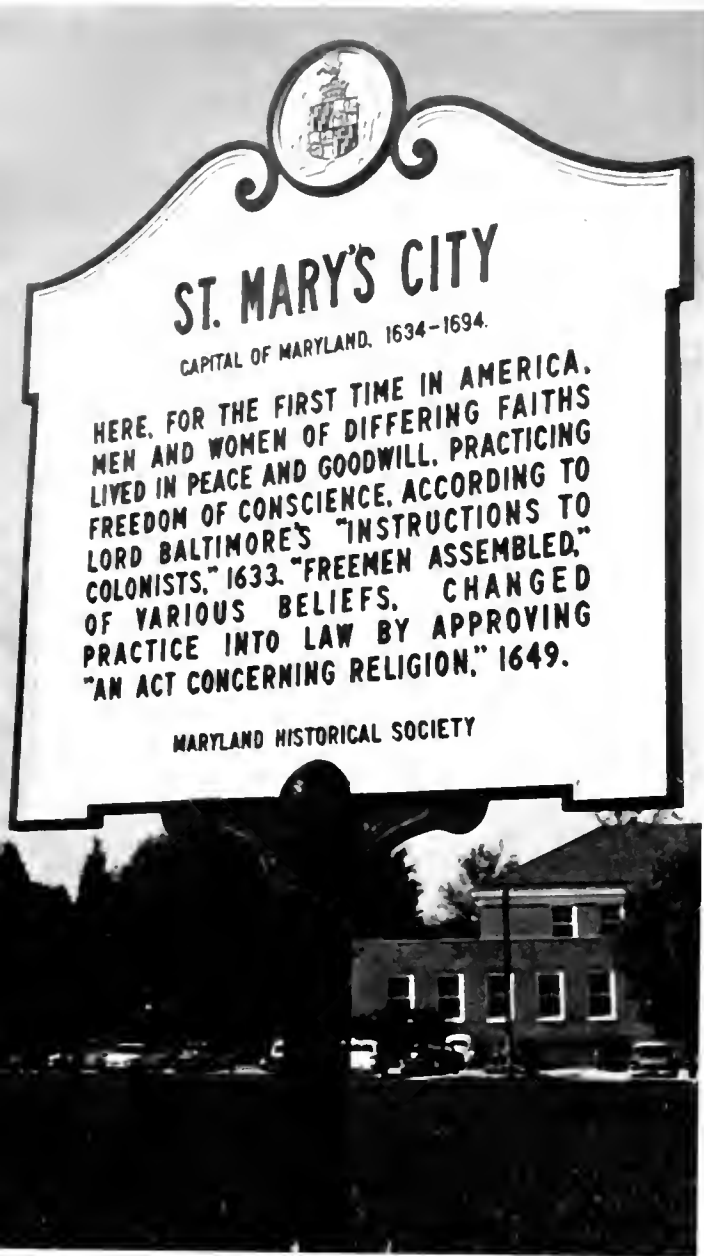

St. Mary's Hall is the oldest building on campus. Soon a new auditorium will be built. From the old to the new, from a seminary to a four year college. This is symbolic of a school in MOTION.

St. Mary's College of Maryland

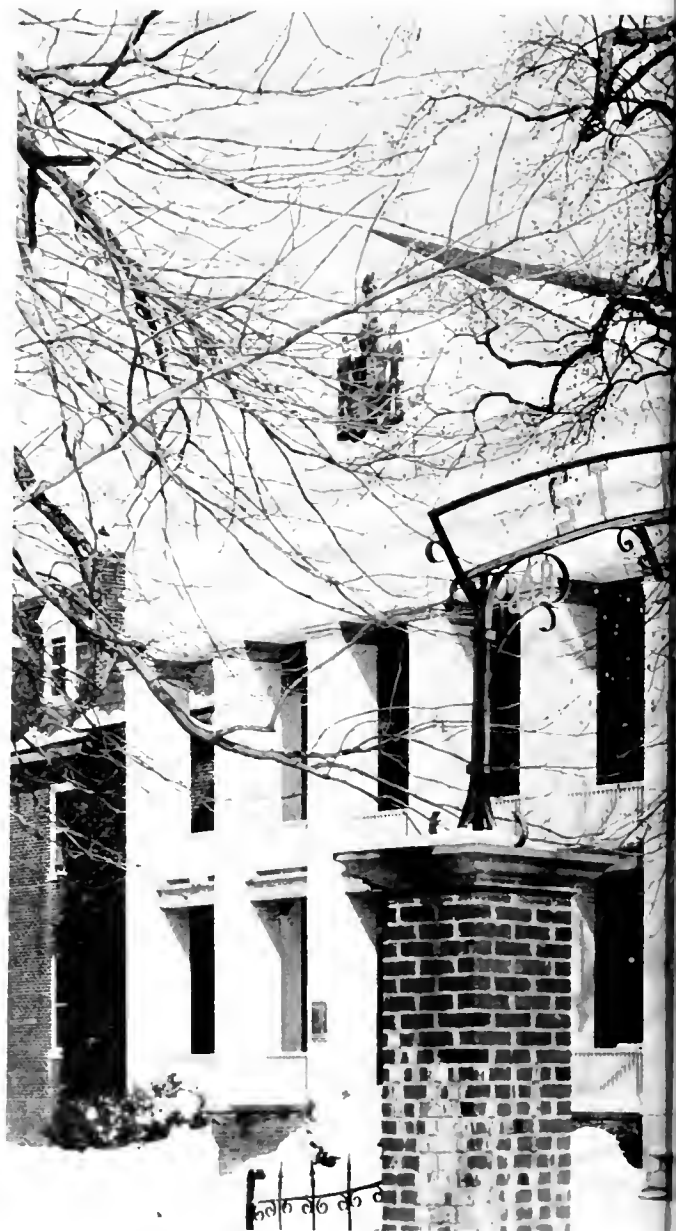

St. Mary's City, Maryland

1967 Vol. XX

Standing at the entrance to the main campus, this sign marks a monument to the past and a stepping-stone to the future.

Now primarily a men's dormitory, Cadvert Hall at first served as a combination classroom building and women's dormitory.

Faded Memories of the Past

St. Mary's College began in reality with the landing of Leonard Calvert in 1634, and from that day forth has been rooted in boundless and often intangible tradition. A reproduction of the first State House, built in 1934, stands as a constant reminder of the past against the ever-changing landscape of progress. For though the physical aspects may change, the spirit of the college remains always with the glory of its beginnings.

Built originally in 1634, this reproduction of the first State House is a campus focal-point

For the second consecutive year, men boarding students move bag and baggage into Calvert Hall

Queen Anne Hall, the first in the new wave of construction, currently houses all women boarding students.

A familiar warm-weather scene, students gather between class breaks on the steps of Anne Arundel Hall.

Staff members of the new campus literary magazine, the *Scorpion*, plan for the next edition.

Vivid Images of the Future

Most recently completed is Charles Hall, student union and dining hall.

In two more years, St. Mary's will be an accredited senior college. Between now and then lie past years of planning and diligence. Under construction soon will be a new men's dorm, gymnasium, theater arts center, and library.

It is with pride and confidence that St. Mary's faces the years ahead.

English Department Literature; Literacy

Under the guidance of faculty members Miss Barbara Magaw, Mr. Charles Henley, Mr. Gerald Siegel, and Mr. Collin Vernoy, the English department has been rapidly expanding. An advanced freshman course was again offered, and a course in American Literature was initiated this fall.

Highlight of the year will be a sophomore humanities seminar to be offered in the spring.

In a Classroom and History

A main function of the History and Social Studies departments is to give the student an insight into the world in which he lives and a basic understanding of its people. It is thus that he will be able to trace the development of those about him, and will himself develop more fully.

Having dismissed his sociology class, Mr. Chovenec descends the stairs in the classroom building

Scientific Challenge

Department Expands

Under the direction of Mr. B. Elwood Fahl and Dr. Huck the science department has been broadening its scope. In addition to general courses, the new Environmental Biology and Comparative Anatomy have bolstered the area's already high caliber. An initial Marine Biology course will eventually become the specialized program at the college. A new chemistry and physics laboratory has also pointed the way to the future.

Fascinated by the surrounding proceedings, Tom Lloyd and Barbara Maschi watch a chemistry demonstration.

Peering through a maze of apparatus, Mr. Fahl stops to help a student in distress.

Dr. Huck pauses on her way to a biology lecture class.

Gazing intently through the microscope lens, lab instructor Miss Geraldine Madden prepares the following day's assignment.

Griming in triumph, Matilda Woodward and Richard Russell hold a smooth green snake.

Running the traps for shrew in Environmental Biology, are Richard Russell, Douglas Hackley, and Dr. Huck.

Math Skills Prove Rewarding

An additional instructor in the Mathematics department has proven to be of benefit for all concerned. Mr. Nouri and newcomer Mrs. Long currently conduct classes in areas as diversified as Fundamentals of Math and Advanced Calculus, and are able to guide their students through the sometimes trying subjects at hand.

Perfect ending to an Algebra class . . . Mrs. Long returns a test paper to Richard Russell

Giving her complete attention, Joan De Lozier concentrates on an exam for her Fundamentals of Math class.

Physical Education Brings New Interest

Co-educational Physical Education and a better basketball team are the keynotes of this year for instructors Mrs. Clevenger and Mr. Lowder.

Currently the department is looking to the future, and a swimming pool.

Following through, team member Dale Milburn practices his tennis form.

Theatre Arts

A World's Stage

Another acting year brought a new face and a new production to campus this fall. Mr. Lonnie Frazee assumed guidance of the combined Speech and Theatre Arts department and promptly began work on the year's first dramatic presentation.

"Fanny's First Play" reached the stage in November, and was a tribute to the task accomplished by its cast and crew.

School Administration Gives Guidance

Perhaps the most influential force governing the actions of the college student is the campus administration. Under its guiding hand decisions are made daily which determine overall policy concerning the school as a whole. The successful running of a college relies on these behind-the-scenes workers to maintain a balance of essential communication between the students and administration.

President May Russell is the focal point of campus decisions.

New Director of Admissions Mr. Thompson consults with Dean of Students Mr. Anderson.

Public Relations Director Mr. Brantley Greeson chats with Dean of Faculty Dr. Boyer.

Office secretaries take a much needed coffee break.

Dean of Men, Mr. Yancey, checks a handbook with Dean of Women, Miss Simms.

Mr. Brookbank handles campus business affairs.

Varied duties occupy the time of office secretaries.

Dr. Patrick and Miss Chance are familiar faces to ailing students.

"Is it *that* bad?" Miss Chance treats Bob Turner.

Health Service: Aid For Ailments

Any morning a unique occurrence takes place in the campus infirmary. It is then that certain members of the student body appear to receive words of comfort and hope from our school nurse. Along with dauntless patience and words of advice, Miss Chance also distributes pills and potions of varying degrees of potency. For some patients all that is needed is a lecture on the topic of "Common Sense Health Rules," but for others awaits the confines of an infirmary bed. Whatever her method, Nurse Chance offers a sympathetic ear to all who consult her.

In order to meet the demands of a senior college, a new student health center is being planned. Larger and more diversified facilities will provide for improved treatment of health problems.

Miss O'Brien gives one of the seemingly endless flu shots.

Campus Library: A World Through Books

Expansion is the keynote as the campus library prepares itself for a necessary move to more efficient facilities. In preparation for the transition to a four-year college, the library is constantly ordering and receiving daily hundreds of new books designed for student usage. New members of the library staff also add their specialized training to the development of an even more advanced source of study.

We Depended Upon Them

Mrs. Hindman keeps good charge over the young men in Calvert Hall.

Queen Anne Hall possesses as her guiding hand, Mrs. Treadwell.

Queen Anne Hall maids, Lilly Mae and Geraldine, keep our hallowed halls in spotless condition.

Among the people most influential in the life of the college student must be included the dormitory house-mothers. These ladies give of their time and energy to make our lives easier and our problems less severe. Their devotion to duty may be witnessed through dreaded but inevitable room inspections and weekly pleas to "Please bring down your laundry." To them is owed a boundless debt of gratitude.

Also essential to dormitory life are the people who keep the buildings in a presentable condition. It is their endless job to maintain in smooth working order the place that so many of us call home.

Behind The Scenes

Without the earnest effort of its background staff, no institution could function to fulfill its ultimate purpose. St. Mary's College is no exception to this statement. The loyal devotion of her staff makes it possible for the student body to enjoy those conveniences that are taken so much for granted. Without it, St. Mary's could never continue its operation as an educational unit.

The preparation of endless meals is an important job.

Scholarship Plus Integrity Through Student Life.

Phi Theta Kappa is the honorary fraternity recognizing outstanding scholastic achievement. Members must maintain an accumulative average of 3.2 for two semesters. Students with a 3.5 or above average are entered on the Dean's List, with those having a 3.2 to 3.5 included on that of Honorable Mention.

The campus Honor Council sets standards for achievement within the academic scope. Emphasis on integrity is enforced through the Honor Code, aiding students in the development of personal morality.

Student Senate

Meets New Challenge.

Provided by the Student Senate, the "Itch Board" proved a popular means of airing student gripes.

Designed to ease the necessary but often painful transition from a junior to senior college, the Student Senate functions as an effective means of student government. Replacing the former M.S.G.A. and W.S.G.A., the Senate determines scholastic government policy through student-administrative relationships. This body of both men and women students, performs such duties as the regulation of various clubs and organizations, and the solution of general campus problems.

To anyone even remotely familiar with St. Mary's College, it is obvious that the student union is the mainstay of campus life. It is here that students gather for after-class snacks, purchase school supplies from the bookstore, conduct various club meetings, or just relax while waiting for the dining hall to open. Members of the Student Union Board coordinate group activities and determine the social events taking place in the building itself.

Orientation to Campus Life Through Sophomore Guidance.

Aiding incoming freshmen in the adjustment to campus life is the main objective of the orientation committee. Under the guiding eye of leading sophomores, new students plan and conduct a talent show, look forward to the suspense of rat week, and initiate lasting friendships. They are further introduced to the honor code and academic system of the college.

Displaying signs of stress, Dwight Smith endures the rigors of Rat Court.

Jury members Ed Pickering, Louis Wince, John Massie, Peggy O'Neil, and Connie Jolley set rules for freshman rats.

Class Officers Aid School Spirit.

Initiating campus spirit is just one of the many duties of the freshmen and sophomore class officers. These leaders direct the various activities planned by each group, and coordinate major decisions made by the students. The responsibility of setting the standards for future classes also rests in the hands of the present officers, who are paving the way to ever more achievement. Successful transition from a two to a four year college will depend largely on the cooperative attitude of its student body, an attitude which is currently being developed by these chosen representatives of the group.

For Student Guidance

Assuming the difficult but influential task of guiding the actions of both men and women dormitory students, the Dorm Councils of St. Mary's College play an important role in the guidance of daily campus life. Its members take on the responsibility of making

decisions concerning dormitory policy, and govern individual reactions to these policies. The councils also provide such services as the establishment of the new boys' recreation room, doing its part to make the routine of the college student more enjoyable.

International Club New This Year

A welcome addition to the campus scene this year is the International Club. Although not yet an officially recognized club, members of the organization have already proved their interest in college life through sponsor-

ship of social activity. The purpose of the club is to aid students in developing a better understanding of the world around them, striving always to develop contact with its people.

S.N.E.A. Spells Leadership

Members of the Student National Education Association, a newly recognized club this year, have managed to present themselves as influential participants in college

life at St. Mary's. Sponsorship of the "Sweet-heart Dance" provided a social event of major importance which was appreciated by the entire student body.

Folk club member Pat Lipps chats with Richard Dyer-Bennett after his performance in Kent Hall.

Noted art folk-singer Richard Dyer-Bennett performs for the Artist Lecture Series.

Artist Series Provides Culture

Through the Artist and Lecture Series, guest performers of the highest caliber present enriching performances on the campus grounds. Among those here this season was the world-renowned folk singer Richard

Dyer-Bennett, who later talked with members of the school's folk music club. Mr. Dyer-Bennett proved to be an interesting personality as well as a fine musician.

ARTIST SERIES COMMITTEE: G. Masters, D. Gilligan, Miss Chance, *advisor*, L. Heideman, S. Bentz.

Assembly Committee Sets Speakers

Students Profit

The responsibility for securing and presenting weekly guest speakers for the benefit and enjoyment of the student body rests in the hands of the campus Assembly Committee. Mr. Brantley Greeson is in charge of obtaining these lecturers, who inform their audience on a wide variety of subjects, and bring diversified sources of information to their listeners in Kent or St. Mary's Hall.

Ann Northam, who introduces various guest speakers, goes over program notes with Mr. Greeson.

Dr. Norton F. Dodge addresses his audience at the assembly honoring student academic achievement.

Dances sponsored by the Social Committee are an important source of student entertainment.

Social Committee Plans Functions

Planning and producing dances, concerts, and other entertainment mediums comes under the direction of the school Social Committee. Its members strive to provide a series of events designed purely for recreation and relaxation throughout the academic year. Their efforts are rewarded through student attendance and support of the variously sponsored events.

Point News "Sells"

Staff members of the *Point News* have successfully proven that even the newspaper of a smaller college can provide information and entertainment for its readers. Reporters for the paper have covered every phase of campus life, keeping students in touch with the activity surrounding them.

Staff members Ann Baker, Donna Mortimer, Alex Hankins, Cathy Warner, Betsy Reynolds, and Nancy Taylor prepare to meet another deadline.

Cathy Warner, campus winner of the *Glamour* magazine contest, was chosen through the sponsorship of the *Point News* Staff.

Scorpion Proves A Literary Success

Now in only its second year of publication, the *Scorpion* has proven to be a successful campus publication. Containing creative literary pieces submitted by interested and capable students, the magazine this season also possesses a section of drawings and sketches done by talented art enthusiasts. Pieces are submitted to and judged by the editorial staff, who determine appropriate subject matter for publication.

Castellan Meets Deadlines.

Editor Claudette McLaughlin takes a moment of relaxation before deadline headaches begin again.

Once again members of the Castellan staff struggled successfully against deadlines in order to publish one of the major campus annuals. Working under editor-in-chief Claudette McLaughlin, students interested in the production technique of a yearbook gained first-hand knowledge of their subject. Pictures were taken, layouts made, and copy written to give an accurate picture of college life.

Reading pages for the printers is only one of the many jobs of a yearbook editor.

Layout editor Leslie Bishop prepares another picture for publication.

Copy editor Shaon Stumpf gathers first-hand information concerning the Artist Lecture Series.

Staff Wins!

Recording the full scope of campus events, the yearbook staff managed to capture significant daily events in the life of the college student. Functioning as the hub of school activity, the group again gathered memories of a season past.

Samadra Players Present . . .

The Samadra players of St. Mary's College presented this season *Fanny's First Play* by the contemporary playwright George Bernard Shaw, and *Comedy of Errors* by William Shakespeare. Under the direction of Mr. Lonny Frazee, the group established itself as an efficient and capable theater group, drawing vast audience attendance at each of their productions. Each member gained also a unique opportunity to display individual talents and aptitudes in the theatrical field.

CAST MEMBERS OF *Lanny's First Play*: Bobby, Pete McCrackin, Dora, Joyce Oland, Mr. Gilbey, Dwight Smith, Mr. Knox, Steve Harris, Mrs. Gilbey, Mary Carr, Mrs. Knox, Ann Northam, Juggins, Doug McClean, Margaret Knox, Ann Reilly, Lieutenant Duclat, Bill Russell.

Dwight Smith as *Mr. Gilbey*, and Steve Harris as *Mr. Knox* meet for their regular business meeting on the third Tuesday of the month.

Commuter's Club Keeps In Touch

Designed to keep commuting students in touch with daily campus events, the Commuter's Club emerges as one of the most significant new organizations this year. Non-boarding participants now have a more discernable voice in the school affairs that so often directly affects them, furthering even more their security as an active and interested campus group. Through sponsored dances and similar activities, the club strengthens contact with dormitory students.

Commuters John Paradis, Dave Scheible, and Paul Bishop enter a car for the long drive home.

Folk Music: The Sound of Today

Having existed previously as an informal group of interested students, the Folk Music Club of St. Mary's College became this year an officially recognized organization. Designed to promote the appreciation of the folk music medium, the club functions as an effective means of school entertainment, as

well as providing a home base for several campus guitarists and singers. Through annually sponsored hootenannies, the group gains an opportunity to project its activity to the remainder of the college and surrounding area. Weekly meetings provide a much-welcomed period of relaxation and fun for its members.

"Colorado" and Mac pursue their favorite pastime.

FUTURE HOMEMAKERS: *Seated* Miss Oslund, *advisor:* J. Jones, *president:* M. Crouse, T. Kurrle, C. Voiries, J. Cross, S. Bentz, R. Stetler, J. Stetler, *treasurer:* K. Hansen, C. Mancini, K. Underwood.

Future Homemakers Plan Ahead

Better known as the F.H.A. or the Home Economics Club, the Future Homemakers Association has once again demonstrated its capabilities in organizing interested students in their chosen field of the home sciences.

Members of the club again sponsored an annual International Tea, providing a showcase for varied culinary skills as well as a welcome treat source for the student body.

Sampling the goodies at the International Tea, F.H.A. members and guests display obvious enthusiasm.

Campus Choir

Hits High Note

Once again under the direction of Mr. Brantley Greeson, and accompanied by Mrs. Shirley Echard, the choir this season demonstrated its capacity for providing entertainment of the highest caliber. Performing at Parent's Day activities and the annual Christmas Candlelight Service, the group proved that it is able to handle any and all styles of music. Again this year the regular May concert tour encompassed such areas as Virginia Beach and Ocean City, with performances also being given in the local sphere.

Mrs. Shirley Echard is seated at the piano as the choir delivers another song.

W.A.A. officers Nancy Plihpp, *secretary*, Margaret Thorp, *treasurer*, Connie Jolley, *president*, Francine Winkler, *social chairman*, and Kathy Heron, *vice president*, gather for a needed break.

Sponsored each year by the Athletic Associations, the intramural games mark one of the high points of the season. Both girls and boys participate in intramural basketball, volleyball, tennis, badminton, and even ping-pong. Also under the direction of the W.A.A., the Christmas Prom again emerges as the center of the campus social scene. S.M.C. students and their dates, dressed in seasonal finery, danced tirelessly to the beat of an exceptional band until reminded of the lateness of the hour.

° Tournament Game

Game Excitement Runs High

The "Retrievers" of St. Mary's College swept onward to victory this season in a record-shattering number of winning games. In a total of thirteen games the team proved beyond a doubt that its membership constituted a winning combination of cooperation and accuracy. To the "Retrievers" go a heartfelt "Thank you" for a season well-played.

"Two points!" The score is tied as Randy Mulloy makes it again.

New Team Spirit

In Girls' Sports

Meeting the challenge of a new season, members of the girls' sports teams have rallied in an effort to increase the athletic prestige of the college. In all instances the girls performed to their greatest capacity, ever helping to build a better image.

Hockey team members Sharon Howard, Carol Mancini, and Linda Lock board the bus for an away game.

Intramural Sports

Dale Milburn prepares to roll another strike.

Participants in the various intramural sports activities sponsored by the Men's and Women's Athletic Associations find that competition often proves to be one of the most enjoyable aspects of the game.

Battling all the way, members of an intramural volleyball team display their enthusiasm.

Kathy Heron challenges Hank Eshin in a game of ping-pong.

For Relaxing Fun

Games emerge as hard-fought battles ending in a much deserved victory or a shattering loss. Team members learn that sportsmanship and fair play pays off in favorable results.

Prom Boosts Holiday Spirit

Under the auspices of the Women's Athletic Association, the Christmas Prom once again proved to be the highlight of the season as well as the entire year. Swirling skirts, gay decorations, and an overall festive mood prevailed throughout the evening, the highlight of which was the crowning of the annual prom queen. Francine Winkler was awarded the coveted title, with princesses Donna Hudson, Michele Hecker, Connie Jolley, Cathy Warner, and Debbie Newnam in attendance.

May Queen and Her Court

Each year the selection and crowning of the May Queen and her court highlights the spring season and brings to a festive climax the activities of the social and academic year. Chosen by the entire student body, these girls are excellent examples of the vivacious spirit of youth and enthusiasm so characteristic of the college person. Reigning over the

various activities of May Day itself, the Queen and her Princesses serve as the focal point of the day's solo and group performances by interested students. It is evident each year that this event brings to both audience and participants alike a much-welcomed source of entertainment and relaxation.

Spring Spirit . . . May Day Festivities

Highlighted by student performances of all types, May Day brings each year a refreshing atmosphere of fun and frolic to the already blossoming campus. Designed this time around a folk theme, the day's activities were marked by vocal renditions and modern dance arrangements on the same line. Brightly-colored costumes and a vast amount of lively spirit added to the overall gay mood, as performers displayed varied talents before an enraptured audience. The day's climax was reached as the royal crown was placed upon May Queen Peggy O'Neil, who stood attended by her six lovely princesses. Culminating the events that evening was the annual May Prom, during which students and their dates whirled gaily to the strains of modern melody. All who attended agreed that the day had certainly been a time to remember.

Student Life:

Each day at St. Mary's moves smoothly with the usual routine of campus life, yet each day is unique in its own way. Morning classes take their toll of sleepy-eyed students, assemblies and class meetings bring together the entire student body, and the dining hall provides a convenient rendezvous for friends and acquaintances. Yet throughout each day the pattern is broken by the restless nature of the college student. The snack bar and lounge is a popular meet-

ing place for those weary of the academic routine, with the gymnasium providing a healthful and convenient way to "let off steam." With the coming of spring the pier and surrounding beach emerges as the most popular spot on campus, providing students with relaxation and an early tan as well. Left to himself, the student will discover methods of altering his daily routine to allow for the variety that is so much a part of his life.

The school library provides a convenient place for study and chatter for Bill Russell and Mary Carr.

Lunch-time brings a source of relaxation as well as nourishment to Brian Veditz and Wayne King.

Sharing a doughnut, Sharon Stumpf cultivates the friendship of the campus mascot.

Elsie Davis, Linda Wheir, and Jackie Ripple await the opening of the dining hall.

After-Class Moments

When the final bell rings and the student is on his own, a complete change in outlook is achieved. Weary bones and aching backs find solace in mutual companionship as groups meet in the student union, parking lot, or library to discuss the day's future plans. Sights and sounds of relaxation take the place of quiet study, at least until someone mentions an eminent class assignment.

Dave Scheible, Kathy Robeson and John Mullikin tackle a game of Hearts in the student union.

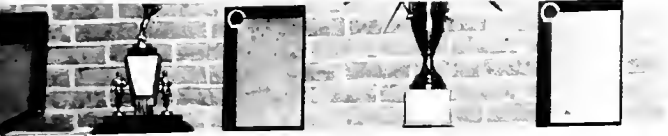

Resting from a hard day in the academic world, Charles Hester, Joe Satterthwaite, and Bob Beyer meet in the classroom lounge.

Time For Relaxation

Relaxation on campus takes many forms. Sports, dances, informal meetings, or just lazy dreaming before the fire provides the moment of rest needed after a day at the books. Students find in these times the spirit that is so often depressed by hours of study and endless assignments. They find the encouragement they need in each other, and in so doing discover the basic meaning of human relationship.

Spring afternoons provide a chance for fun and exercise for the boating enthusiast.

Queen Anne Hall . . .

Markings Of The Future

As the dawning of warmer days heralds the close of another academic year, thoughts turn once again to the future of the college and its students. St. Mary's, though rooted in the past, looks constantly to that which is to come. With each year comes a new group of individuals with fresh ideas and unique outlooks, bringing an ever-present aura of transition to their campus. It is with these representatives of change that the destiny of the college lies. She must of neces-

sity meet the shifting presence of each year, yet remain secure in her belief in the ultimate goal of higher education. She must grow, yet in growing lose not the ideals in which she has trusted since the conception of the institution itself. In short, it is only through a sincere belief in the wisdom and integrity of her student citizens, and a firm faith in herself, that St. Mary's will emerge as the college that she was meant to be and has always been.

Serving as a guideline to the future, Queen Anne Hall construction marked the beginning of a new era of progress.
